

FOMB POLICY: REVIEW OF CONTRACTS

Authority

This FOMB Policy (the “Policy”) is established pursuant to Section 204(b)(2) of PROMESA to require prior FOMB approval of certain contracts to assure that they “promote market competition” and “are not inconsistent with the approved fiscal plan.” This Policy also underlines the sense of Congress as provided in Section 204(b)(3) that any policy under Section 204(b)(2) should be designed “to make the government contracting process more effective” and “to increase the public’s faith in this process.” This Policy shall also apply as provided in Section 204(b)(5).

Applicability¹

This Policy applies to any contract that is proposed to be entered into by the Commonwealth (which includes the Executive, Legislative and Judicial branches of government) or any covered instrumentality. As used in this Policy, “contracts” also applies to grants, sub-grants, and tax abatement or similar tax relief agreements. This Policy applies to all contracts in which the Commonwealth or any covered instrumentality is a counterparty, including those with the federal government, state governments, private parties, and nonprofit organizations.

The Commonwealth or any covered instrumentality must inform potential contract counterparties, including federal government agencies, about this Policy and the requirement that the FOMB approve any contract pursuant to this Policy before execution.

In establishing this Policy, the FOMB is mindful of Section 204(d)(2) and does not intend to impede the implementation of any federal programs, particularly those related to disaster response and recovery. To the contrary, the FOMB established this Policy in large part to support the implementation of federal programs related to funding and reimbursement for disaster aid spending.

Contracts executed prior to date of adoption of this Policy, shall, at the request of the FOMB, be subject to review by the FOMB to ensure that they do not “adversely affect the territorial government’s compliance with the Fiscal Plan”.

Scope of Review

The FOMB will review contracts to determine whether they are consistent with the applicable fiscal plan. To the extent contracts are related to disaster aid spending, eligibility for federal funding and/or reimbursement will also be reviewed; provided, however, that the contracting parties retain responsibility for fulfilling any federal funding or reimbursement requirements notwithstanding any approval under this Policy.

¹ Pursuant to Section 204(b)(4), the FOMB retains the authority to review any “rule, regulation, or executive order proposed to be issued by the Governor (or the head of any department or agency of the territorial government) in the same manner as such provisions apply to a contract.” Section 204(b)(5) likewise applies equally to such rules, regulations, and executive orders as it does to contracts.

While the FOMB retains the authority to expand the scope of its review, it will not generally engage in legal review of the contractual documentation or the contracting process, including without limitation: (i) compliance with contracting requirements under applicable laws, rules, and regulations, both federal and local and (ii) compliance with applicable laws, rules, and regulations governing procurement activities, both federal and local. In addition, the FOMB will not engage in any due diligence or background check with respect to the contracting parties nor review whether the contracting parties comply with the requirements under the applicable contract.

Approval Process

All contracts or series of related contracts, inclusive of any amendments, modifications, or extensions, with an aggregate expected value of \$10 million or more, including any professional advisory or personal services contracts, must be submitted to the FOMB for its approval before execution at contracts@promesa.gov. The FOMB will select, on a random basis or otherwise in its sole discretion, agencies or other governmental entities for review of contracts below the \$10 million threshold, to assure that they promote market competition and are not inconsistent with the approved fiscal plan, including the measures provided therein. To effectuate this Policy, the FOMB may issue subpoenas and exercise any other powers granted to it under PROMESA.

In addition, the contracting party must include in its submission: (i) a completed copy of the Contract Submission Questionnaire, attached herein as Appendix A, (ii) the Agency Certification Requirement, attached herein as Appendix B, and (iii) the Contractor Certification Requirement, attached herein as Appendix C. The FOMB may require additional information during the course of its review.

Following receipt of the proposed contract and all required information, the FOMB will notify the contracting party by formal response within seven business days whether the FOMB approves the contract, rejects the contract, or requires further information and/or modifications to the documentation. If the FOMB requires further information and/or modifications to the documentation from the contracting party, the FOMB will provide a final response of either approving the contract or rejecting the contract within seven business days of receipt of all requested information and/or confirmation of the modifications.

The FOMB will publish a status report of each contract under review, including, but not limited to, the name of the contracting party, the date of submission, the date of any response from the FOMB or from the contracting party, and a copy of all the FOMB's formal responses. In addition, for all contracts that were reviewed prior to the adoption of this modified Policy, the FOMB will publish a copy of the FOMB's final response.

To ensure the FOMB is able to review the proposed contracts expeditiously and to increase the likelihood that the FOMB will determine that the proposed contracts are consistent with this Policy, the FOMB encourages the Commonwealth or covered instrumentality, as applicable, to provide the relevant documents on an ongoing basis.

For the avoidance of doubt, the FOMB's Code of Conduct applies to this Policy.
